

Prayer for Abundance and Wealth to Goddess Lakshmi

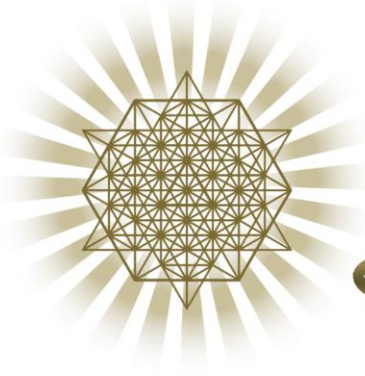

Goddess Lakshmi, Goddess of Wealth, Prosperity, Good Fortune, and Beauty. I offer to you my deepest prayers for your golden bounty of limitless abundance and wealth. Great Goddess Lakshmi, your limitless wealth and abundance is as radiant as the sun. You stand on a throne of a great lotus flower, symbolising the journey of humanity that leads out of the mud of spiritual darkness and selfish ego desires to the heights of spiritual enlightenment and transcendence. Your four arms symbolize dharma (right purpose), artha (material wealth), kama (right desire), and moksha (spiritual liberation). Around your neck a garland of lotus flowers.

Great Goddess Lakshmi, I ask for your blessing. I pray for your blessings of wealth and abundance. Teach me the way of inner and outer abundance. Teach me the great blessing of receiving and giving. Teach me the wisdom of receiving all your blessings with an open heart so that I may give to the world with an open heart. I pray that you assist me in keeping my heart open and ever generous. May I become a clear and pure channel for your golden light.

Great Goddess Lakshmi, remove all obstacles to good fortune and financial well-being. Remove all obstacles to my highest and noblest dreams and aspirations.

Great Goddess Lakshmi, I ask for your blessing of prosperity to fill my life and home. I ask that your golden divine presence flow into my heart, and mind filling my inner and outer realities with abundance, flow, prosperity, joy and wealth. May the light of your wisdom ever guide me in my choices, ever guide me in my spiritual journey so that all my choices serve my abundance and greater good, and that of those close to me, and that of my community and the greater world. May your wisdom and golden touch ever guide me towards abundant flow and

success in all my endeavours. I am ever grateful for your golden blessings, for your golden wisdom, for the opportunity to grow in abundance and to share this abundant flow.
